

UU LIFE PEPTIDES 2.0 · START HERE

2.0

Your access is one link.

Everything you bought lives on your access page: the UU Life app with the calculator, the five modules, the bonuses and the gifts. Bookmark it.

ACCESS PAGE

uulife-access.pages.dev/

Type it in any browser, on your phone or computer. On the phone, add it to your home screen: the calculator works offline.

1. [Protocol Room](#), Foundations: how peptides work, units and math, reconstitution, the safety architecture and the hierarchy every protocol follows.
2. [Protocol Room](#) in the app, pick your goal, read the two or three cards it points to.
3. [Protocol Room](#) in the Protocol Room, load its components in the Calculator, collect the pre-checks, start the Tracker.

This folder holds the same files for offline use. Updates land on the access page at no extra cost.

Educational and informational reference for adults. Not medical advice, not a prescription and not a recommendation to use any substance. Many compounds described are not approved for human use and several are prohibited in sport. Decisions about any compound belong to you and a licensed clinician.
